

Rubber Ducky Race

Are you in the mood for some friendly competition? Invite your friends, family or siblings to join you in a rubber ducky race!

What you will need:

- Rubber Duckies
- A body of water, like a kiddie pool, a tub, or a big plastic storage bin
- Straws (one for each competitor)

What to do:

Grab your rubber ducky and put it in the water and line them up next to your competitors' duckies. When the race starts, blow through your straw to move your ducky along. Whoever goes the furthest the fastest, wins! Have fun, kiddos!
